## OUR LOVELY TAILOR MADE HAMPERS

Here at Alimentari we love fine food and all our Italian delicacies are imported directly from local producers.

Just to give you a few examples of what you can find on our shelves: special salts from a salt farm in Sicily protected by WWF, fine pasta from the Marche region made with the finest durum wheat and fresh eggs following an old tradition, delicious preserves made by monks in the Umbria region....organic Italian wine and... so much more.

We provide a lovely bespoke hamper service, which lets you mix and match all our fabulous products in order to suit your individual wishes.

Our products can be nicely presented in eco-bags or baskets.

All orders placed before December benefit from a 10% discount!

Enclosed below are just a few ideas....
